PROJECTS

TravelGuide Apr 2024 - May 2024
Technology used: JS—HTML—CSS

- The project showcases interactive features such as smooth scrolling, animated elements, and responsive design, aimed at enhancing user experience and accessibility.
- It serves as a comprehensive travel guide, providing users with information about various destinations, travel tips, and booking services.

DineBook Aug 2022 - Oct 2022
Technology used: Figma—UX Research

- DineBook's goal is to make it easier for users to book restaurant tables and its customization online.
- Conducting interviews, paper and digital wireframing, low and high-fidelity prototyping, conducting usability studies, accounting for accessibility, and iterating on designs.
